In the middle of my senior year as an accelerated student, how do I fill out my formal application for the Graduate School?

The Graduate School considers you a "new" student even though you are part of our accelerated program. To submit your formal application please follow these steps:

1) Go to the Graduate School's web site: http://www.binghamton.edu/grad-school/
2) Click "Prospective Students".
3) Click "Apply" near the top of the screen.
4) "All other applicants"
5) "Go to Application" in the Accelerated Degree Application block
6) Sign into BU Brain
7) On the top of the page, make sure the “Home” tab is selected.
8) Scroll down and click “Accelerated Graduate Degree Application for Admission”
9) Most of the instructions that are there do not apply to students from the BME department. Enter your information but you do not need any letters of recommendation, a transcript, GRE, TOFEL...nothing that they will be asking for. The Graduate School's instructions are set up for all the accelerated programs on campus and our department does not require any of that information.
10) Pay your application fee.

After that, a decision will be entered into our system (usually after the grades are recorded from the fall semester) and you will receive an e-mail from the Graduate School. When you confirm (by following the directions in the Graduate School's e-mail) that you are coming as a graduate student, you have completed the formal application for accelerated students. If you have questions, please e-mail gmahler@binghamton.edu or tglezen@binghamton.edu.
