Ways to Recruit Binghamton Students

POST A JOB OR INTERNSHIP
List full-time, part-time or internship positions for free on our online job and internship search portal, hireBING. Recruit both undergraduate and graduate students by specific class years and majors.

ATTEND CAREER FAIRS
Each fall and spring semester, the Fleishman Center holds job and internship fairs. Take advantage of these opportunities to promote your jobs and internship opportunities and make face-to-face connections with students.

INTERVIEW ON CAMPUS OR REMOTELY
Request and manage open or pre-select campus interviews. We’ll promote your opportunity, provide resumes from interested applicants, schedule interviews and reserve a room at no cost. The Fleishman Center is also equipped with state-of-the-art technology to interview students remotely. Reserve an interview room and arrange a schedule for web-based (including Skype) or phone interviews just as you would for an in-person visit.

OFFER AN INFORMATION SESSION
Holding an information session is a great way to raise student awareness about your organization and its opportunities. Rooms are available at no charge in the University Union.

TABLE IN THE UNIVERSITY UNION
Gain visibility and meet students in a less formal environment than an information session. Tables may be scheduled Monday–Friday based on availability.

SEARCH RESUMES
View student resumes through the Resume Book feature in hireBING, and connect with students who fit your recruiting criteria.

PARTICIPATE IN PROGRAMS
The Fleishman Center values and invites outside organizations to assist us in student career development programs such as mock interviews, resume reviews, interviewing, job search and networking.

A Top Ranked University
For the 16th consecutive year, U.S. News & World Report has ranked Binghamton University as one of the nation’s top 50 public universities. With more than 117,000 alumni spread across the nation and world, chances are you have worked with them, used technology they have developed, sought their financial advice or helped them make a difference through charitable foundations.

Enrollment
12,997 UNDERGRADUATE STUDENTS
3,080 GRADUATE STUDENTS
29% STUDENTS OF COLOR
16% INTERNATIONAL STUDENTS
STUDENTS COME FROM ALL 50 U.S. STATES AND 116 COUNTRIES
