I am a graduate student and this is my last semester. What are the deadlines for submitting the forms for graduation?

http://www2.binghamton.edu/grad-school/new-and-current-students/academics/deadlines-degree-completion.html

The above URL takes you to the Graduate School’s web site. It lists the dates you need to complete your on-line GAD form (Graduate Application for Degree)

The deadlines for you to submit your Recommendation of Award form are listed at the above link also. Your Proposed Course of Study form is due the same date as your Recommendation of Award form.

You can print a Proposed Course of Study form. They are on our ece.binghamton.edu web site; academic programs; graduate programs; scroll down to forms; click “other forms needed during graduate study” to choose which form is right for you.

Please note: dates for those who have done a thesis are different from dates for those who have completed a project.

More information about what you need to do for graduate can be found at:
