Curriculum Committee

This committee reviewed 10 course proposals: BME 523, BME 555, AAAS 525, AAAS 580, AAAS 581, AAAS 582, AAAS 583, AAAS 584, SPED 580Z, GRD 575. Regarding BME 555: it was noted that the course work may not be rigorous enough for the graduate level study, that the requirements are not clear enough to determine the work load. The proposal for BME 555 was modified by the department, and the Graduate School will request a copy of that revision for evaluation. AAAS 525: there will be a recommended amendment to
discontinue offering this course with a 300 level course. All other courses were approved by the Council.
