

Make the Most of Social Security

Sign up for an appointment to analyze your Social Security Options

If you're 55 or older and have questions about social security, Fidelity Investments will be on campus January 25, February 8, and February 23 offering one-on-one meetings to go through a Social Security Analysis. This program will analyze your unique situation and will compare your options/strategies, to help you maximize your lifetime income. It's a complementary service and any Binghamton University employee can sign up to take advantage of this resource. You would need to bring your personal social security statement, as well as the social security statement for your spouse (if applicable). If you don't have one, you can print it from social security's website: <http://www.ssa.gov/>

Natalia DiGiovanni CERTIFIED FINANCIAL PLANNER™, our Fidelity Investment representative, will be on campus and available to meet one-on-one with employees by appointment, for this important piece of your retirement planning.

Instructions to schedule a meeting
