Interactive Reporting Setup

Users may encounter a small setup and installation process, depending on various factors; first time user accessing a query, recently updated I.E., new computer, etc... the following steps will guide you through the process...

If this error pops up, click ‘OK’ and then click ‘Install’ at the bottom of the screen

There will be 2 additional prompts for permission to install; click ‘Yes’ for both

These will be followed by 1 to 2 brief installation status bars
Next, uncheck all 3 boxes and click ‘Next’

This will be followed by an additional installation status bar

Upon completion, you should see the following:

You are now ready to use Hyperion

If you receive a different message or are unable to access the query, please contact Brad Gordon at 7-6123 or bgordon@binghamton.edu
