Policy Regarding Transfer Credits

Students admitted to our program who have already earned a Master's degree from another institution may petition to have courses taken at their prior institution fulfill course requirements in our program. We evaluate these requests on an individual basis and, at most, no more than 1-2 courses generally transfer. Regardless of whether or not course credit is transferred, our program is designed to take a total of 5-6 years (including the 1 year predoctoral internship)

Program Costs

Description	2016-2017 1st-year Cohort Cost
Tuition for full-time students (in-state)	\$10,870
Tuition for full time students (out-of-state)	\$22,210
Tuition per credit hour for part-time students	<i>NA</i>
University/institution fees or costs	\$1,754
Additional estimated fees or costs to students (e.g., books, travel, etc.)	\$800

Since the founding of our program, all students admitted to the clinical program have been offered full tuition remission, health insurance, and a 9-month stipend for at least five years while in residency and in good academic standing.

Licensure

Outcome	2006-2016
Total number of program graduates (doctoral degrees conferred on transcript) between 2 and 10 years ago	59
The number of these graduates (between 2 and 10 years ago) who became licensed psychologists in the past 10 years	48
Licensure percentage	81%

Note. The licensure percentage reflects the % of all graduates who have gone on to become licensed. However, a number of our students do not seek licensure (e.g., because they have full-time research positions). Of those students who have sought licensure in the past 10 years, 100% have attained it.
