The Watson School is pleased to announce a Graduate Research Ambassador Award. This is a competitive award that provides one-time funding to Watson graduate students to travel to their alma mater to present their scholarly research and serve as ambassadors for our graduate programs. The goal of this award is to increase global awareness of the Watson School’s research, scholarship and graduate programs by attracting the best and brightest students to Binghamton.

Proposals are due April 18th.

The aim of the Proposal Writing workshop is to demonstrate some of the best practices that have been adopted. The workshop will cover practices that were successful, but also focus on challenges and mistakes, thus, ‘lessons learned’ will be a valuable output. The aim is to provide a space to discuss what constitutes a ‘best practice’ and share relevant information that can be transferred to, as well as strengthen all proposals.

The workshop will be led by:

Jessica Fridrich, Electrical and Computer Engineering

Mohammad Khasawneh, Systems Science & Ind Eng

Kaiming Ye, Bioengineering

Guangwen Zhou, Mechanical Engineering

Monday, April 28, 2014
ES-2008
3:30 – 5:00 pm
Email Aneesa Thomas to REGISTER

Watson Ceremony:
When: Saturday, May 17th at 10:30 am
Where: the Events Center

PhD Hooding:
When: Friday, May 16th at 4:00 pm
Where: the Events Center

To participate as...
Faculty: complete the Faculty Participation Form (by April 25th)
Volunteer: complete the Volunteer Form

AIMBE is soliciting applications for its Sept. 1, 2014 to Aug. 31, 2015 program year. Applicants to the AIMBE Scholars Program must hold a PhD-level degree in medical or biological engineering or a related field and be a US citizen. Application materials must be submitted to smandell@aimbe.org by May 1, 2014. More information about the program and AIMBE can be found here.
