Definitions

Deactivation: A campus decides not to admit any new students to a program but wishes to maintain the program's registration. This may be done to reassess the need for the program or restructure the program or allow currently enrolled students to graduate. This action is internal to SUNY and limited in duration to no more than three years, by which time the program must be reactivated or discontinued.

Deactivation Effective Date: The first regular admission date for which new students will no longer be permitted to enroll in the program.

Discontinuance: A campus decides to stop offering a program and awarding a credential for its completion. After SUNY's review and approval, the program is removed from the State Education Department's *Inventory of Registered Programs* after all continuing students have completed it.

Discontinuance Effective Date: The last graduation date for which a credential for completion of the program is awarded.

Part III. REASON(S) FOR REQUEST(S)

Provide reason(s) for requesting each deactivation and/or discontinuance. Address local, regional and System impact and, if applicable, describe any extenuating circumstances that may require additional accommodations for enrolled students (e.g., providing a teach-out agreement with another institution).

Each of the requested deactivations are a result of low enrollment and conflicts with offering the required courses.

For the MAT Foreign Language programs, there is an added conflict with having an inadequate number of staff for the courses offered in the programs.
